Date 7 June 2024

Dear Mr Duarte,

**COP 2024/00077      ARTICLE 53 EMERGENCY AUTHORISATION FOR THE USE  
OF 'BENEVIA 100D' ON STRAWBERRY**

Thank you for your application dated 12 January 2024 for an emergency authorisation for the use of Benevia 100D on strawberry to control Spotted Wing Drosophila (*Drosophila suzukii*). Ministers have agreed to grant an emergency authorisation under Regulation No 1107/2009 until 30 September 2024 for use for:

Product name:            Benevia 100D            (contains cyantraniliprole)

Copy recipients

Copies of this covering letter and the emergency authorisation are being distributed to the Registration Officer of the product's manufacturer.

Conditions of future emergency authorisation

By their nature, emergency authorisations may be issued without the full range of data which would support a standard authorisation. Therefore, this emergency authorisation specifies data requirements to address the missing information and stewardship measures to provide safeguards which are considered necessary to ensure the protection of health and the environment. HSE may require such data and information to be provided as part of any repeat application for the same use.

Failure to provide this information may be relevant to HSE's assessment of any repeat application for the same use. This information may assist the applicant to demonstrate that the requirements for granting an emergency authorisation are met.

The emergency authorisation is attached to this letter.

Yours sincerely,

HSE Digital Signature
